

Lumos materials

None of the below materials are recognised as a fire hazard.

Material	Melting Point
Aluminium	660°C
Steel	1510°C
Plastic	260°C (UL94 HB (0.8mm))

Lumos LED Transformer

Intended use:	For the operation of low-voltage LED lamps
Rated voltage:	AC100-240V, 50-60Hz, 0.5A
Rated output voltage:	DC12V, 1.25A
Rated power input:	35-105W
Protection against electric shock:	Class of protection II
Product approvals:	TÜV, CE & UL
Bulb:	Mini: 24 x 0.25W LEDs Midi: 33 x 0.25W LEDs Maxi: 33 x 0.25W LEDs Double Tower: 66 x 0.25W LEDs Counter: 48 x 0.25W LEDs

Lumos graphic material

Please contact your graphic supplier for information on the specific type of media used for your graphic panels.
